Weekly Progress Report

Name: Khushi Patel

Domain: Data Science

Date of submission:11/5/2024

Week Ending: 2

I. Overview:

This week, the primary focus will be on building a GUI for my project .

II. Achievements:

1. Plant Disease Prediction:

   - We download 3GB dataset successfully ,extract it .

   - We implement necessary python modules to build GUI.Tkinter,etc.

2. Python Project Contributions:

Plant Disease Prediction:-

   - There is no contributions till.

3.Learning Python:

   - How to download dataset and extract dataset using python.

   - I learn tkinter and some modules to build GUI for my projects.

III. Challenges:

1.Data set Download and extraction

   - I have got to downloading and Extraction issue for the data set because it has large amount for data .

2. Python Project Complexity:

   - It was complext to build GUI for my project because of python version issue .

IV. Learning Resources:

1. Python Learning Resources:

  - Youtube,Kaggle,Google,Chatgpt

V. Next Week's Goals:

1.Plant Disease Prediction:

- Will complete GUI user interface for my project and will move further to the database connectivity.

VI. Additional Comments:

None.
